

MY SQUASH CLUB

Designer: Anna Matuszewska – Janik
Location: Poznań, Poland
Photographer: Paweł Penkala

My Squash is a sports club that offers six professional squash courts, but also yoga and dance classes, aerobic, art classes for children, etc.

The club also features a small restaurant and a hotel located nearby.

The place was designed as a typical club that would attract a group of people and convince them to stay not just for one hour of play, but for longer – that is why the investor decided to open the bar and restaurant, for the purpose of having the interiors equipped with huge, comfortable sofas and ensuring the extra activities.

The designer's main goal was to create interiors completely different from the traditional image of a sports club that can be seen around us (in Poland). The new club was to be modern, easy on the eye and surprising.

It was supposed to be stunning and outraging, inspiring and confusing at the same time, and surprising with its creativity.

The interior stands out with its white and shiny epoxy floor and a nearly fanatic consistency in colors.

The design included the installation of fantastic lamps by the internationally recognized Polish Puff-Buff workshop, as well as Cumulus lamps by Daria Burlińska, a young designer.

The designer also used standard Scala sofas (Mebelplast) and Dr. Yes' chairs designed by Starck for Kartell.

The remaining elements of interior design were made to order, according to the design.

It is also important that the investor was open to various ideas and did not limit the investment to a fixed budget, but gave the designer total freedom in their creative work.

My Squash是一家体育俱乐部，设有6个壁球场，同时也给孩子们提供场地练习瑜伽、舞蹈，做有氧运动或者上艺术课等。

有别于其他俱乐部的是，这里有一个小餐厅，附近还有一家旅店。

如此设计的目的不仅是要吸引客人前来健身一个小时，而是还能够让他们长时间停留——这就是投资者决定开设酒吧和餐厅的目的所在。馆内还摆放着舒适的大沙发，这一切保证了在健身之后，客人还可以选择其他活动。

设计师的主要目的是在室内设计上，创造一个与周边常见的传统体育俱乐部完全不同的印象，新俱乐部要富含时代气息，令人耳目一新。

空间令人赞叹的设计让人激情澎湃，充满了诱惑。

内饰亮白的聚氨酯树脂地板色调匀称，格外醒目。

设计包括安泰国际闻名的Puff-Buff台灯、Cumulus台灯，以及年轻设计师Daria的作品。

设计师也用到了SCALA品牌中有代表性的沙发和Starck for Kartell公司的Dr. Yes座椅。

其他室内设计元素保持与整体设计风格相一致。

投资者对该设计方案很认可，不但没有限制投资底线，反而为设计师提供了一个自由创造的空间。
